**Instructions**

All practices are required to submit components of a Key Performance Indicator (KPI) report as part of their November 2024 deliverable submission.

**Part 1. Medi-Cal Assigned Lives**

a)  Number of Current Medi-Cal Assigned Lives

b)  Medi-Cal Assigned Lives by Race/Ethnicity

Please provide the breakdown of Medi-Cal assigned lives by race/ethnicity. Include the number of assigned Medi-Cal patients for whom you do not have this data in the "Do Not Have Data" row. Please note that the sum total of lives in this table should match your practice's number of current Medi-Cal assigned lives documented in question a) above.

| Race/Ethnicity | Number | Percent of Assigned Medi-Cal Lives (Auto Calculated) |
|---|---|---|
| American Indian or Alaska Native | | |
| Asian | | |
| Black or African American | | |
| Hispanic or Latino | | |
| Middle Eastern or North African | | |
| Native Hawaiian or Pacific Islander | | |
| White | | |
| Do Not Have Data | | |
| TOTAL | | 100% |

**Part 2. Empanelment & Access Administrative Measures**

Please report your practice's performance on these three empanelment and access metrics.

To access the specifications for these metrics you can:

- Hover your mouse on the information icon 🛈 for each metric or
- Download a copy of the specifications here.

In order to meet the milestones for empanelment, continuity, and third next available achievement, your practice must sustain benchmark achievement over two submission periods or meet the benchmark in the final submission period of 2026. Since this is the first reporting of these three metrics, no practice will meet these milestones in November 2024. The first opportunity to demonstrate achievement of the empanelment, continuity, and third next available achievement milestones will be at the May 2025 submission.

If your practice is unable to report one or more metrics, please leave the associated fields blank and provide an explanatory comment.
